

# Together We Care - Fund List

*Programs supporting patient care, community health, medical education, and research at Hennepin Healthcare*

## **Acute Care Research and Education Fund - #M-4996**

Supports research focused on the assessment and treatment of patients with sepsis and life-threatening infections.

## **Addiction Treatment and Prevention Research - #M-4988**

Addiction researchers are studying the physiological, and genetic, and behavioral factors that play into the development of addiction and affect treatment outcomes.

## **African American Virtual Doula Fund - #672**

To provide group prenatal care training and two years of tech assistance and support for our culturally specific group prenatal care pilot, which has been postponed due to COVID-19.

## **ALS Center of Excellence - #525**

Supports the efforts of the ALS (Amyotrophic Lateral Sclerosis, also known as Lou Gehrig's disease) Center of Excellence.

## **ALS Research and Education - #M-3767**

The fund would be used primarily to improve patient care through cutting edge research, education of the multidisciplinary team, and quality improvement of clinical operations. Specifically, the HHF fund would be used to support the ALS research budget, provide stipends to team members attending ALS meetings, and improve/optimize patient care through enhanced clinic equipment and patient/caregiver educational tools and resources.

## **Alvin Schultz Research and Education Fund - #M-4987**

To bring in visiting professors for Medical Grand Rounds and provides residents educational experiences.

## **APP Leadership Program Fund - #492**

Support program for 24 Advanced Practice Providers in leadership positions in 2019.

## **Aqui Para Ti - #119**

Support the Aqui Para Ti (Here for You) program for Hispanic youth from 12- 20 years old with issues such as obesity, teen pregnancy and sexual matters.

## **Artist in Residence - #657**

Provides healing arts to Hennepin Healthcare patients, specifically in the Cancer Center

### **Behavioral Health Equity Research Fund - #M-3762**

Support program for 24 Advanced Practice Providers in leadership positions in 2019.

### **Belzer Family Provider Wellness and Education - #356**

The Belzer Provider Wellness & Education Fund seeks to foster a culture of wellness among the clinical faculty at Hennepin County Medical Center through educational initiatives. Supports speakers and conferences that promote and educate providers on topics such as healthy work/ life balance, physical and emotional development of providers, recognition of professional and healthy behaviors and compassionate recognition of unhealthy behaviors.

### **Berman Center Research - #M-4959**

Supports the Berman Center for Outcomes and Clinical Research, which has been a leader in cardiovascular research and a clinical site for over 100 trials in heart and kidney disease, diabetes, women's health, cancer, and neurological disorders.

### **Between Us Program - #148**

Supports teens and parents raising teens with workshops and trainings, in sexual health education and confidential reproductive health services. The program promotes and advocates for teens receiving care on the HHS campus.

### **Brain Injury Emerging Technology Research - #M-4992**

Supports the exploration of methods for improved classification of brain injury to enable better identification of people who do not recover.

### **Brooklyn Park Clinic Fund - #614**

The purpose of this fund is to support the health and wellness of patients at the Brooklyn Park Clinic.

### **Brooklyn Park Clinic Literacy - #306**

Supports children's literacy program within Brooklyn Park Clinic.

### **Bruggemeyer Patient and Staff Fund - #137**

Provides patient assistance and psychiatric staff development and education. It will provide assistance to patients, both inpatient and outpatient, across a broad range of needs, including micro-finance. In addition, it will provide funding for HHS psychiatric staff development, training, education and education expenses.

### **Burn Center Camp - #539**

To assist in sending pediatric patients in the Burn Center to burn camp.

### **Burn Center Family Lodging - #538**

To assist with lodging accommodations for family members of patients in the Burn Unit.

### **Burn Unit - #500**

Meets the needs of burn patients and their families, supports service improvements and educational opportunities for staff.

### **Buy a Bed Fund - #351**

A campaign to purchase 51+ couch/bed combos for Burn, MICU and SICU patient rooms. Post-campaign to replace and repair.

### **Cancer Center Exercise - #141**

Provides for exercise, yoga and other physical activity classes for patients suffering from all types of cancer.

### **Cancer Center Research and Education Fund - #M-4958**

The Cancer Research Program studies the newest drugs, strategies and therapies for the treatment and prevention of cancer.

### **Cancer Center Urgent Needs - #102**

Assists patients going through cancer treatment that are under financial difficulty, provides for comforts and needs of cancer patients and supports services improvements.

### **Cancer Food and Nutrition Support Fund - #117**

This can be inclusive of patients who are considered to be in the survivor phase, as well as those in active treatment. Does not include people who have breast cancer or are in the survivor phase of breast cancer.

### **Cardiac Biomarkers Research - #M-4986**

The Cardiac Biomarkers Trial Laboratory (CBTL) carries out clinical studies, trials and analytical evaluations on cardiac biomarkers, proteins released by diseased heart tissue that are key to determining if a person is having a heart attack.

### **Cardiac Rehab Scholarship - #600**

Helps patients pay for therapy sessions in the cardiac rehab unit. Two staff members are authorized to request a check for reimbursement for the cost of a patient's session.

### **Cardiology/CARE - #435**

Supports the Cardiology department and CARE program by enhancing both the patient, staff and provider experience.

### **Child Growth Fund - #104**

Supports research, education, advocacy and child related efforts within the pediatric department. Summer Food Program runs out of here.

### **Child Mental Health Fund - #602**

To provide toys and play equipment in child psych.

### **Children's Hunger and Growth Research - #M-4953**

This research studies the impact that food insecurity has on the health and development of children.

### **Children's Literacy - #300**

Provides books to pediatric patients and literacy education to families.

### **Clinical Laboratory and Pathology Technical Staff Continuing Education - #563**

To provide funding for the growth and development of clinical laboratory staffing

### **Community of Caring - #241**

Provides safety items and basic needs items that will assist in plan of care for seniors and young families through home health nursing. Items included: "Pack-N-Play" portable cribs to promote safe sleep, infant carriers, home safety kits, books for early literacy efforts, developmental toys, weight scales for cardiac health, bedding due to bed bugs, pill dispenser boxes to aid self-management of medication, emergency food, incontinence care, etc.

### **Coordinated Care Center - #619**

Supports Coordinated Care Center patients in meeting basic (urgent) needs around health, clothing, food and or urgent transportation.

### **COVID-19 Immune Therapy and Immunology Fund - #M-3772**

Supports the Plasma Project.

### **Crisis Residence Program - #154**

Supports the needs of patients, programmatic enhancements as well as staff development and education that directly improves the care of crisis residential patients.

### **Day Treatment Clinic - #118**

To help clients access their treatments by providing transportation or enhance their treatment once they are here. Helps meet urgent needs of MICD patients.

### **Day Treatment Nutrition Program - #147**

Provides nutritious food to day treatment clients as they participate in programming in the day treatment program.

### **Dementia and Aging Research - #M-3581**

Investigators in this area are researching the progression and prevention of dementia (including Alzheimer's disease) with a special focus on cognitive impairment and dementia in patients with kidney disease, anemia and diabetes.

### **Dental Education - #641**

Supports dental education at HCMC.

#### **Dental - #604**

Supports patients with issues obtaining dental care and general patient needs. Also can be used for staff appreciation and education.

#### **Dental Health Research - #M-4990**

This research explores the link between dental health and general health, with an emphasis on pregnant women.

#### **Dental Literacy - #301**

Supports children's literacy program within the Dental Clinic.

#### **Diabetes and Obesity Research - #M-4954**

This research studies newly arrived people to the U.S. and the progression of diabetes after acclimation.

#### **Diversity - #404**

Supports the education of staff in the diverse needs for HCMC's patient and staff population.

#### **Doula - #451**

Funds used to reinstate labor doula services for the patients of the HCMC Birth Center.

#### **East Lake Children's Literacy - #307**

Supports children's literacy program within East Lake Clinic.

#### **East Lake General Fund - #543**

Provides additional patient resources for which other reimbursement or payer mechanisms do not exist.

#### **East Lake Wellness Program - #353**

The Wellness Group provides patients the opportunity to learn skills and knowledge to successfully manage their health and live happier and more productive lives. Provides financial assistance for patient copays and the purchase of supplies to run food or fitness related activities.

#### **ED Pediatric Trauma - #536**

To provide toys and other pediatric supplies that normal operations will not cover.

#### **ED Residency Enrichment - #503**

Provides funding to ED residents for CME tuition and other academic activities that will improve the quality of the residency educational experience.

#### **ED Staff Appreciation - #555**

Supports purchase of items such as food, awards, gifts, and education material needed throughout the year. Every year during Nurses Week and EMS Appreciation Week, the leadership team provides awards and gifts to the staff to thank them for their dedication to the patients and this hospital. The funds would be used for ED and Urgent Care nurses, health care assistants, and patient service coordinators.

### **Emergency Clothing Room - #129**

To supply emergency clothing to HHS patients.

### **Emergency Medicine Educational Efforts - #502**

Supports the educational efforts of Emergency Medicine. This includes purchase of equipment, support of activities and investigation of innovation in education and other efforts that may deem from time to time, to be in support of our academic mission.

### **Emergency Medicine - #509**

Improves the quality of care and service for patients and their families within the Emergency Department, and the quality of the training experience for ED residents, students and trainees.

### **Emergency Medicine Research - #M-4975**

The Emergency Medicine research program conducts a variety of studies aimed at evaluating and improving outcomes in patients who visit the Emergency Department (ED).

### **EMS Staff Recognition and Appreciation Fund - #561**

Will serve as a means to support Hennepin EMS staff.

### **EMS Pre-hospital Education - #505**

Provides funds to developing a community consortium to provide tactical EMS education for pre-hospital personnel.

### **Environmental Impacts on Physician Research - #M-4989**

To support Environmental Impacts on Physician Research.

### **Ernie Ruiz & Joseph Clinton Endowed Chair for Emergency Medicine - #664**

To support Ernie Ruiz & Joseph Clinton Endowed Chair of Emergency Medicine.

### **ESTAND Project - #M-3769**

Complete spinal cord injury is a devastating diagnosis with no available treatment to recover volitional movement. Preliminary studies have demonstrated epidural spinal cord stimulation as a method for recovering volitional movement and ability to stand in patients with paraplegia

### **Ethics Study - #324**

Allows HHS funds to support interdisciplinary staff members' commitment to caring for HCMC patients. In particular, the Performance Improvement Sub-Committee in collaboration with the Ethics Committee Executive Board have made the decision to commit 75% of the funds to educational endeavors and 25% to affirming staff acknowledgment activities.

### **Extraordinary Kids - #121**

Enhances the pediatric experience at HHS. Child Life Specialists use the funds to purchase supplies and equipment that help distract, support, educate, and engage pediatric patients in order to minimize anxiety and increase positive coping during hospitalization.

### **Family Health - #240**

Care for at-risk families to promote health, development and self-sufficiency. Family Health provides family centered and community based public health nursing services to clients from diverse racial, ethnic and socio-economic backgrounds.

### **Family Lodging Assistance - #151**

Supports temporary lodging for families and any other expenses related to lodging, with patients in long-term care situations at the hospital or extended outpatient care. Examples of use include: renovations to existing family rooms, subsidies to external sources for lodging, the establishment of permanent sources of lodging to be offered to families for overnight stays.

### **Family Medical Academics - #609**

Provides funding for academic activities that will improve the quality of the residency educational experience.

### **Family Resource Center Research and Education - #M-4980**

The Family Resource Center is a safe space for the families and friends of individuals living with mental illness to connect to resources in the community.

### **General Med Staff Appreciation and Development Fund - #559**

The purpose of this fund will be used for General Internal Medicine staff appreciation, education and development, catering for monthly division meetings, and other miscellaneous division expenses.

### **Geriatric Research and Education Fund - #M-4973**

This research focuses on understanding how the aging process affects the development of disease, with a focus on preventing illness and improving quality of life.

### **GI/Liver Disease Research - #M-4951**

Investigators are researching the mechanisms and treatment of chronic liver disease, including alcoholic hepatitis, autoimmune hepatitis and viral hepatitis.

### **GLBT & Friends Employee Resource Group - #403**

Supports art, literature, music and theater experiences that support the GLBTQ experience. It may be utilized to support experts in the field, new programs, training, and various arts initiatives.

### **Golden Valley Clinic Children's Literacy - #304**

Supports children's literacy program within Golden Valley Clinic.

### **HCMC Band - #201**

Provides funding for instruments and other necessities of the band.

### **Health Care Homes - #333**

Addresses the social determinants of health for Health Care Home patients, that once resolved, could significantly impact the patients' health outcome, reduce health system cost, and/ or increase patient satisfaction. The funds may be used for direct patient needs as well as to support the professional development of Community Health Workers.

### **Health Sciences Education Fund - #326**

A leader in healthcare education, HCMC views building this facility as essential for training Minnesota's future medical professionals.

### **Health, Homelessness & Criminal Justice Lab Fund - #M-3773**

We study the overlap of homelessness and criminal justice involvement with chronic physical, mental and substance use conditions and with other systemic barriers to health and wellbeing, like structural racism.

### **Heart Disease/Failure Research - #M-4962**

The Cardiology Division conducts studies involving both early and late-phase trials of new drugs and devices, primarily in patients with acute and chronic heart failure, with the goal of improving outcomes.

### **Hennepin EMS Community Support Team Fund - #564**

Supports the work of the Hennepin EMS Community Support Team.

### **Hennepin Healthcare Chief's Leadership Fund - #491**

This program is intended to foster connections with former, or pre-retirement phase medical staff by providing a To support department chief leadership development and interdepartmental collaboration and growth opportunities at Hennepin Healthcare.

### **Hennepin Healthcare Unrestricted Fund - #HHF**

Caring for anyone, at anytime, in any condition takes staff and resources. Help Hennepin Healthcare continue this tradition of access by donating to HHF.

### **Hennepin Heroes Fund - #157**

To support the mission of Hennepin Healthcare to prepare and respond to emergency health issues.

### **Hennepin Medical History - #328**

Preserves the historical legacy of HCMC, MMC and campus predecessors with two extensive and fascinating collections – the MMC Historical Library and the GH Historical Museum.

### **Hennepin Stroke Center - #506**

Serves the needs and education of stroke patients and families, and the educational needs of the staff involved in the care of stroke patients.

### **HIV/AIDS Research - #M-4970**

The HIV/AIDS Research Program studies focus on expanding understanding of the HIV disease process, improving health outcomes, preventing the spread of HIV, and helping to develop strategies to cure HIV infection.

### **Home Health Nursing - #243**

Provides medical and other supplies needed by patients receiving care at home. Funds can also be used for home health nursing training and education.

### **Hospice - #244**

Supports integrative therapies for hospice patients such as music, pet and massage therapies. Funds are also used to provide outings to hospice patients, bereavement counseling to families and other items necessary to support the program and the staff.

### **Hospitalist Program Staff Development Fund - #349**

Professional and education development and team building for the Division of Hospital Medicine.

### **Hospitalist Staff Appreciation and Enrichment Fund - #359**

Enhance the working culture, wellness, and efficacy of the Division of Hospital Medicine and it's HHS partners in order to foster strong partnerships with the teams they work with.

### **Huntington's Disease Research - #M-4974**

Researchers conduct clinical trials on new treatments for Huntington Disease, a genetic disorder that causes the progressive breakdown of nerve cells in the brain.

### **ID Research and Education - #M-3259**

Supports research focused on HIV/AIDS and other infectious diseases.

### **Immediate Food Support Program - #650**

Funds provide food and services to assist patients, families and staff to eat a healthier diet. Patients can be prescribed food and it is provided free of charge.

### **Infectious Disease Research and Education - #M-4993**

Supports research focused on malaria and other infectious diseases.

### **Innovation in Medical Education - #327**

Enhances our capacity to support medical student education, residency and fellowship programs, nursing advancement, allied health profession education, clinical research and emergency outreach and training.

### **Innovations in Patient Care - #114**

Provides funding for programs to test new ideas and improve care to patients.

### **Inspire Arts - #410**

Provides arts opportunity for connection, creativity and self-expression that promote a warm healing environment for patients, families and staff.

### **Integrative Health & Alternative Medicine Research - #M-4960**

The Integrative Health program is paving the way for important collaborations with conventional medicine in the areas of education and research by developing strategies that leverage the strengths of both.

### **Integrative Medicine in Residency (IMR) Fund - #558**

To support the Integrative Medicine in residency track – subscription cost, educational travel, speaking cost, etc.

### **Interdisciplinary Simulation & Education Center - #623**

SIM Center.

### **Internal Medicine Residency Support - #507**

Promotes resident wellness and achievement, including social outings, athletic events and equipment, recognition awards, educational conferences, workshops and other scholarly activities. This fund is specifically for residents in the Internal Medicine and Emergency Medicine Internal Medicine programs at Hennepin County Medical Center.

### **International Emergency Medicine Fellowship - #658**

Department of Emergency Medicine, supports a teaching physician in the emergency medicine residency of HCMC with the costs of a Masters in public health at the University of Minnesota, training in tropical medicine and parasitology, a global health course, humanitarian and disaster management, ultrasound certification, and a minimum three-month international placement.

### **International Education Medicine - #M-4968**

This activity involves education and post-graduate training for providers interested in tackling the unique challenges found in the developing world, and improving medical care and outcomes in patients around the world.

### **Kidney Disease Research - #M-4956**

Investigators conduct clinical research on the various forms of kidney disease with a focus on prevention.

### **Knapp Rehab - #510**

Purchases patient or nursing equipment or supplies that facilitate patient or nursing education.

### **Lupus Research - #M-4991**

To support Lupus Research.

#### **M. Thomas Stillman Endowed Chair Fund - #M-3764**

Funds can be used for Research and Education within the Department of Medicine.

#### **Mark W Mahowald Lectureship Fund - #671**

To support Dr. Mahowald's pursuit of scholarship in an approachable and affable manner are embodied in the creation of this lectureship.

#### **Mary K. Wollan Orthopedic Nursing Education - #347**

Provides financial support to allow any HCMC nurse to receive/attend orthopedic nursing education so that they can provide expert nursing care to orthopedic patients. Such education could include, but not be limited to orthopedic conferences, orthopedic webinars, NAON membership, orthopedic textbooks, online courses, ortho certification/testing, etc.

#### **Medical Home – Pediatric Fund - #116**

Makes improvements in services provided to children with special health needs, (disabilities and chronic illnesses) and their families based on an accountable care model.

#### **Medicine Staff Appreciation and Professional Development - #554**

Supports staff appreciation and professional development in the Department of Medicine.

#### **MMC Historical Library - #329**

Maintains and preserves professionally the MMC Historical collection.

#### **Music Therapy - #654**

Provides relaxing and healing music therapy services to patients.

#### **Music with a Mission - #202**

Supports the creation of fundraising events involving the bands and musical talents of HHS to raise support for HHS programs.

#### **Muslim Spiritual Care - #454**

Supports efforts to provide culturally and religiously responsive spiritual care to Muslim patients, families and staff at Hennepin Healthcare.

#### **MVNA - #246**

Supports patients and staff of the former MVNA business lines of home visiting, hospice care and public health nursing services

#### **Native American Assistance - #122**

Assists with urgent needs of Native American patients, especially those who come from quite a distance.

### **Nephrology Education - #340**

Provides monetary support for activities of the physicians currently participating in the HCMC Nephrology Fellowship Program. Includes registration and travel, expenses to attend related professional meetings, cost of poster presentations educational books, etc.

### **Next Step Program - #336**

The Next Step Program is a hospital-based, violence intervention program for youth and young adults who are victims of violence (e.g. gunshot wound, stabbing or serious assault). Since its inception in July 2016, the Next Step Program has worked with more than 200 youth and their families. The program has been able to dramatically reduce readmissions, retaliation and further trauma to the youth and his/her family. The Next Step staff provide direct resources, access to community supports and sincere concern and guidance for each participant.

### **NICU Urgent Needs - #126**

Assists patients who have a child here for extended periods of time to remain at the child's side. Helps meet special needs of families and supports service improvements.

### **Nurse Midwives - #434**

Provides Nurse-Midwife Service program supplies and educational materials to improve the patient care experience and outcomes.

### **Nursing Education - #345**

Provide funding for staff nurses and nurse leaders to attend conferences relevant to their development and advancement for nursing practice at Hennepin Healthcare.

### **OB/GYN Improvement - #452**

Enhances the physical appearance of the clinic and to improve the patient experience in the OB/ GYN Clinic.

### **OB/GYN Provider Department Fund - #453**

Provider education and training, meals for provider workshops, provider supported team activities.

### **OB-GYN Clinic Children's Literacy - #310**

Supports children's literacy program within the OB-GYN Clinic.

### **Oncology Dentistry - #607**

Supports oncology patients with access to dental care made more acute by their cancer treatments.

### **Ophthalmology (Nathenson) Fund - #627**

To support medical education, training and equipment in the Ophthalmology Department of HCMC.

### **Organ, Eye, and Tissues Donation Support - #350**

To provide education and resources for Hennepin Healthcare patients, families and staff related to Organ and Tissue donation.

### **Orthopedic/Biomechanics Research - #M-4969**

Researchers explore solutions to treat illness and injury of the bones, muscles, joints, tendons and ligaments, referred to collectively as the musculoskeletal system.

### **Orthopedics - #358**

Provides Orthopedic resources to patients in need.

### **Palliative Medicine - #444**

Assists in developing a palliative care model, assisting patient and staff with end of life support.

### **Partial Hospital Program Fund - #560**

Supports the patients and staff of the Partial Hospital Program.

### **Pathways Program - #260**

Pathways to Success program within Teen HOPE is designed to aid out-of-school youth ages 18-23 in the development of a re-engagement Plan focused on helping them determine an appropriate path for re-entering high school, preparing for the GED, or increasing their Accuplacer college placement scores. The overall goal of Pathways is to increase the number of young parents who complete high school or earn their GED and go on to enroll in college.

### **Patient Comfort and Care - #200**

Reduces barriers to healthcare access, aids in hospital discharge, and provides additional comfort and care to the inpatient, outpatient, ED and transition care areas of HHS.

### **Patient Experience - #150**

Provides patient amenities and things which enhance the patient experience.

### **Patient Food during COVID-19 Fund - #158**

Providing food to patients during the COVID-19 pandemic.

### **Patient Safety - #149**

Supports staff training in patient safety and education.

### **Paving A Way to Nursing - #342**

Assists the selected participants of the "Paving a Way to Your Nursing Future" Project with school expenses that are not covered by tuition reimbursement and the Paving a Way Project.

### **Pediatric Brain Injury - #520**

Purchases resources to aid in the recovery of pediatric patients with a brain injury; including equipment that would be used in therapy. Procures items that provide comfort, education, and support to patients and their families. Provides funds for staff development for the Pediatric Brain Injury Team; as well as for creation of additional program materials to educate families and members of the community about brain injury in children.

### **Pediatric Dept Appreciation - #519**

Funds pediatric staff appreciation events.

### **Pediatric Vaccine Van Fund - #159**

Supports the mobile vaccines for families in the Minneapolis, Brooklyn Center, Champlin, Burnsville and Richfield area.

### **Pediatrics Visiting Lectureship Fund- #315**

Supporting visiting lectures for pediatric residents.

### **Pediatrics - #545**

Funds to be used for patients, staff and visitors of the Pediatric Area.

### **Pediatrics Research & Education - #M-4967**

This research focuses on the health and well-being of children, from babies to teens.

### **Pediatrics Sleep Disorders Research - #M-4950**

Investigators study sleep disorders in children.

### **Physical Therapy Staff Clinical Education/Equipment Fund - #562**

### **PICU Urgent Needs - #128**

Assists patients who have a child here for extended periods of time to remain at the child's bedside. Helps meet special needs of families and supports service improvements.

### **Poison Center - #522**

Supports the services the Poison Center provides.

### **Popkin Psychiatry Family Resource Center - #429**

Maintains the Popkin psychiatry family resource center. This center will provide access to information, treatment options and resources for family and friends who offer essential support and care to those with a mental illness.

### **Positive Care Clinic – General Education - #M-4981**

The Positive Care Center provides comprehensive health and psychosocial services to those living with HIV.

### **Positive Care Clinic – Research Fund - #M-4982**

The HIV/AIDS Research Program studies focus on expanding understanding of the HIV disease process, improving health outcomes, preventing the spread of HIV, and helping to develop strategies to cure HIV infection.

### **Positive Care Ctr Urgent Needs - #112**

Assists with urgent needs of people living with HIV/AIDS, including medical costs, health insurance premiums and other basic needs not attainable through community resources.

### **Psych Department - #428**

Helps meet the need of psych patients, employee training or recognition of employee service.

### **Psychiatric Research and Education Fund - #M-4972**

These efforts are trying to identify ways to prevent hospitalizations due to mental health emergencies by engaging and educating more people in our communities about mental illness so resources can be identified before a person reaches the crisis stage.

### **Psychiatric Residency Program Fund - #441**

Supports resident education and scholarships in psychiatry by funding scholarly projects and conference travel.

### **Psychology Training Fund - #437**

Supports psychology interns and fellows in attending professional activities (such as conference attendance) that enhance their development as well as to provide opportunities for psychology interns and fellows to network with others regarding training opportunities at Hennepin Healthcare.

### **R.I.S.E. (Resident Integrated Support Environment) Program Fund - #361**

This fund has been created to foster the learning environment for medical residents, students, and fellows at HHS.

### **Radiology Education Fund - #552**

Funds staff development, staff appreciation and education.

### **Radiology Staff and Fellowship Fund - #557**

Physical Therapy Staff Clinical Education/Equipment Fund

### **Radiology Staff Appreciation and Departmental Needs Fund - #553**

Facilitates professional development, staff appreciation and departmental needs of Radiology staff.

### **Redleaf Center for Family Healing - #625**

The Center provides mental health clinical services for pregnant women and families of children ages 0-5. Additional services include a nutrition and food program with demo kitchen, healing arts program, yoga and other integrative services. Drop in childcare for patients will be provided for the downtown campus. Research and a Resource Hub are included.

### **Richfield Children's Literacy Fund - #305**

Supports children's literacy program within Richfield Clinic.

### **Richfield Clinic - #613**

The purpose of this fund is pay for patient education (e.g., heart healthy tips for weight loss), wellness products (e.g., Yoga mats) and staff recognition events (e.g., to recognize individual staff who achieved a patient care goal or the entire clinic for reaching a goal) that we ordinarily would not be able to purchase.

### **Rosholt Acts of Kindness Fund - #145**

Benefits and assists both HHS psych inpatients and outpatients across a broad range of urgent needs.

### **Schwartz Rounds - #323**

The Schwartz Rounds Program gives Caregivers an opportunity to share their experiences, thoughts and feelings on thought-provoking topics drawn from actual patient cases. Funds provide support for the meetings and curriculum.

### **Sexual Assault Resources - #524**

Supports education, training and development of Sexual Assault Resource team members as well as the team's outreach efforts to victims, partner hospitals, and partner agencies.

### **SICU Patient and Staff Support - #517**

Supports the Surgical Intensive Care Unit with patient staff and employee's needs.

### **Sleep Disorders Research - #M-4965**

This research explores the causes and treatments for sleep disorders.

### **Spiritual Care - #402**

Promotes the spiritual and emotional well-being of patients, families and staff by helping provide supportive resources such as comfort quilts and knitted wraps, music (via speakers and cd players), after hours hospitality trays for comfort care families, bereavement materials, staff support baskets following a difficult incident, ritual supplies and other items.

### **St. Anthony Clinic Children's Literacy - #302**

Supports children's literacy program within the St Anthony Clinic.

### **St. Anthony Village Clinic Fund - #644**

The fund assists the clinic in improving its resources as well as acquiring otherwise unfinanced patient resources and equipment.

### **Surgery Dept. Residency Enrichment - #442**

Provides funding to the Surgery Department residents for CME tuition and other academic activities that will improve the quality of the residency educational experience.

### **Surgical Dept. Residency Enrichment Fund - #M-4995**

Supports research focused on producing new clinically applicable knowledge to improve healing in smokers undergoing surgery.

### **TBI Center - #528**

Purchases materials and supports programs within the TBI Center. Examples would include, but are not limited to purchasing patient educational materials not developed in-house, purchasing supplies for a patient/family resource book & tote bag, sending employees to a TBI related conference, sponsoring employees in obtaining specialty credentialing in TBI.

### **TBI Staff Development - #529**

Funds will be used to educate and train staff in topics related to traumatic brain injury clinical care, prevention and research.

### **TBI Urgent Needs - #527**

Helps patients with traumatic brain injury (or their families) who are under financial difficulty, to purchase needed equipment, supplies and other needs that are not attainable through other resources.

### **Teen Hope Program Fund - #262**

Teen HOPE program provides public health home visiting services for teen parents who receive public assistance, reside in Hennepin County and are enrolled in a high school or GED program.

### **Tobacco Cessation Research & Education Fund - #M-4999**

Supports research focused on finding the best methods for tobacco cessation.

### **Tobacco Related Disease Research & Education Fund - #M-4994**

Supports research focused on trauma-related disorders, attention deficit disorder, and tobacco cessation

### **Transplant Clinic - #530**

Assists patients paying for medications. Social worker or transplant nurse will recommend.

### **Trauma Services - #532**

Supports car seat and bicycle helmet availability to those lacking resources and promotes injury prevention initiatives and education including senior fall prevention and home safety.

### **Trauma/Burn Research - #M-4966**

Burn researchers conduct studies to evaluate and improve outcomes in patients who have sustained burn injuries and other complex wounds, including frostbite, necrotizing soft tissue infections, Stevens-Johnson Syndrome, Toxic Epidermal Necrolysis, pressure wounds and inhalation injuries.

### **Traumatic Brain Injury Research - #M-4957**

Investigators are researching the use of hyperbaric oxygen in the treatment of traumatic brain injury.

### **Urgent Needs Research Support - #M-8002**

Includes seed funding to initiate new research projects for which immediate funding is not available, bridge funding for continuing research that has lost its funding, and matching funding opportunities.

### **Volunteer Services - #432**

Supports the volunteer program and its activities including program improvement, staff development, volunteer recognition, patient services, volunteer recruitment efforts and marketing.
