

RULES FOR VISITORS

WE WANT TO KEEP YOU AND YOUR LOVED ONES SAFE

What to expect for your visit

We will check you for illness at the door and ask if you have any symptoms:

- Cough or sore throat
- Fever (>100) or chills
- Shortness of breath
- Chest pain/pressure
- Headache/body aches
- Loss of taste or sense of smell
- Diarrhea, nausea, or vomiting
- Other illness like diabetes, or heart or lung disease that may put you at higher risk

Follow these rules

Once we learn if you are healthy, you will be allowed to visit. You must:

- Wear a mask at all times
- Wear visitor badge at all times
- Keep a safe distance from others
- Not touch surfaces
- Clean your hands often. You can use foam sanitizer or soap and water.
- Only go to your loved one's room. You cannot visit any other place.
- You may be asked to step out of the room at times to make sure you are not at any risk during special procedures

For NICU parents

Your baby can only have 1 visitor at a time. Security will not allow additional visitors.

Thank you for your cooperation.
