Get Involved

Get Involved with Health Equity at Hennepin Healthcare!

Country Advocates: The Health Equity team is leading a new county advocacy initiative for health equity, diversity, inclusion, and belonging in Hennepin County. We are seeking individuals who are passionate about creating equitable and sustainable change in every area of Hennepin County. As a county advocate, you will be a key leader in this initiative, helping to develop and implement strategies for addressing health disparities and promoting health equity in your county. If you are interested in learning more and joining The Collectives, please email Talee Vang at talee.vang@hcmed.org.

Health Equity Department: The Health Equity Department is looking for volunteers to help with various initiatives, such as community outreach, education, and research. If you are interested in volunteering, please email the Health Equity Department at healthequity@hcmed.org.

- Informed Care Trainer: The People & Culture team is expanding their trainers for the Informed Care Trainer certification course for employees. They are looking for employees that have experience teaching or facilitating groups and have a desire to learn about different individuals and cultures, maintain composure, and "read the room." You will be enrolled in a train the trainer program and will be provided with resources and support to conduct trainings.

- Informed Care 101 Online Course: The People & Culture team is seeking employees to take the Informed Care 101 online course for employees. They are looking for employees that have experience teaching or facilitating groups and have a desire to learn about different individuals and cultures, maintain composure, and "read the room.

- Unsubscribe: To unsubscribe, please email Unsubscribe Preferences at unsubscribe@hcmed.org.

- Cultural Competency: The Health Equity Department is looking for employees that have strong emotional intelligence and listening skills, are able to adapt their approach to different individuals and audiences, maintain composure, and "read the room." You will be provided with resources and support to conduct trainings.
