Talent Garden Programs

Black Women with Stethoscopes

As the health equity community engagement program manager at Hennepin Healthcare, Aida Strom, a member of the Sisseton Wahpeton Dakota Oyate, expresses Aida Strom, Health Equity Community Engagement Program Manager, envisions a collaborative "healthcare system," recognizes its un

The Collectives are designed for Hennepin Healthcare employees to foster:

- a deeper sense of belonging by creating a space where diverse employees can be their authentic selves and take a collective breath and pause
- professional networks
- affirming social relationships
- development opportunities

The leaders of Collectives serve as an advisory resource to contribute to more equitable and inclusive policies, procedures and practices that will:

- 1. Support, identify and grow Black, Indigenous, employees of Color and other marginalized and underrepresented communities.
- 2. Attract, recruit and advance diverse talent of various backgrounds and identities that are currently underrepresented in leadership, clinical and administrative roles.
- 3. Increase awareness of multicultural differences, understanding of cultural norms and inclusive practices.
- 4. Strengthen existing community partnerships and create new community partnerships.
- 5. Provide a more equitable and culturally responsive care environment for patients.

We hope that these experiences open up possibilities that can change the trajectory of youth’s lives and careers.

Voices of Hennepin Healthcare: Aida Strom

Aida Strom, Health Equity Community Engagement Program Manager, Envisions a Collaborative "Healthcare System," Recognizes Its Unique Role Within the Region's Healthcare Landscape.

Vacancies on State Health Licensing Boards

There are many vacancies on health licensing boards in both professional contexts (like doctors, nurses, insurance and service professionals). 

If you or someone you know is interested in these opportunities, please contact our Talent Garden program, where we give life to initiatives that will introduce historically marginalized and underrepresented communities.

To apply for an appointment to a state board or commission, a list of boards and commissions can be found on the Minnesota Department of Health website.
