

Together We Care

Unite • Give • Inspire hennepinhealthcare.org/twc October 2-21, 2023

2023 HHRI Charitable Fund List

Fund	Name	Purpose
3259	Infectious Disease Funds	Supports research focused on HIV/AIDS and other infectious diseases.
3581	Dementia and Aging Research Fund	Supports research in the progression and prevention of dementia (including Alzheimer's disease) with a special focus on cognitive impairment and dementia in patients with kidney disease, anemia and diabetes.
3767	ALS Research and Education Fund	Supports improvement of patient care through cutting edge research, education of the multidisciplinary team, and quality improvement of clinical operations in ALS research.
3769	ESTAND Fundraising Account	Supports ESTAND study of spinal cord treatment innovations.
3771	Johanna Moore Research and Education	Supports research and education in emergency medicine.
3773	Support for the Health, Homelessness & Criminal Justice Lab	Supports the study of the overlap of homelessness and criminal justice involvement with chronic physical, mental and substance use conditions and with other systemic barriers to health and well-being, like structural racism.
3774	Health Equity Endowment	Endowment to support health equity in the patients we serve.
3776	Infectious Disease Endowment	Endowment to support research in the Infectious Disease Department.
3780	Nephrology Research Fund	Supporting research in kidney disease with a focus on patient-led investigation.
3781	Identifying and Addressing Disparities in the Criminal Justice and Health Care Systems	Supports clinical researchers investigating the barriers to health equity.
3782	Preclinical Nephrology Research Fund	Supporting new discoveries in preclinical kidney research.
3783	Preclinical addiction Treatment Research and Prevention Fund	Supports the physiological, genetic, and behavioral factors in preclinical addiction research.
3784	Infectious diseases, including preclinical work on malaria	Supports research focused on malaria and other infectious diseases in the preclinical setting

Fund	Name	Purpose
4951	GI/Liver Disease Research Fund	Supports research in the mechanisms and treatment of chronic liver disease, including alcoholic hepatitis, autoimmune hepatitis and viral hepatitis.
4953	Children's Hunger & Growth Research Fund	Supports the study of the impact that food insecurity has on the health and development of children.
4954	Diabetes and Obesity Research Fund	Supports research of newly arrived people to the U.S. and the progression of diabetes after acclimation.
4956	Kidney Disease Research Fund	Supports investigators conducting clinical research on the various forms of kidney disease with a focus on prevention.
4957	Traumatic Brain Injury Research Fund	Supports investigators researching the use of hyperbaric oxygen in the treatment of traumatic brain injury.
4958	Research - Cancer Center Research Fund	Supports the Cancer Research Program in studies of the newest drugs, strategies and therapies for the treatment and prevention of cancer.
4959	Berman Center Research Fund	Supports the Berman Center.
4960	Integrative Health & Alternative Medicine Research Fund	Supports the Integrative Health program in paving the way for important collaborations with conventional medicine in the areas of education and research by developing strategies that leverage the strengths of both.
4962	Heart Disease/Heart Failure Research Fund	Supports the Cardiology Division in conducting studies involving both early and late-phase trials of new drugs and devices, primarily in patients with acute and chronic heart failure, with the goal of improving outcomes.
4965	Sleep Disorders Research Fund	Supports research exploring the causes and treatments for sleep disorders.
4966	Trauma/Burn Research Fund	Supports burn researchers conducting studies to evaluate and improve outcomes in patients who have sustained burn injuries and other complex wounds, including frostbite, necrotizing soft tissue infections, Stevens-Johnson Syndrome, Toxic Epidermal Necrolysis, pressure wounds and inhalation injuries.
4967	Pediatrics Research & Education Fund	Supports research focusing on the health and well-being of children, from babies to teens.
4968	International Education Medicine Fund	Supports education and post-graduate training for providers interested in tackling the unique challenges found in the developing world and improving medical care and outcomes in patients around the world.
4969	Orthopaedic/Biomechanics Research Fund	Supports researchers exploring solutions to treat illness and injury of the bones, muscles, joints, tendons and ligaments, referred to collectively as the musculoskeletal system.

Fund	Name	Purpose
4970	HIV/AIDS Research Fund	Supports the HIV/AIDS Research Program on expanding understanding of the HIV disease process, improving health outcomes, preventing the spread of HIV, and helping to develop strategies to cure HIV infection.
4972	Psychiatric Research Fund	Supports research in preventing hospitalizations due to mental health emergencies by engaging and educating more people in our communities about mental illness so resources can be identified before a person reaches the crisis stage.
4973	Geriatric Department Annual Fund	Supports geriatric interdisciplinary training
4974	Huntington's Disease Research Fund	Supports researchers conducting clinical trials on new treatments for Huntington Disease, a genetic disorder that causes the progressive breakdown of nerve cells in the brain.
4975	Emergency Medicine Research Fund	Supports the Emergency Medicine research program conducts a variety of studies aimed at evaluating and improving outcomes in patients who visit the Emergency Department.
4980	Family Resource Center Research and Education Fund	Supports the Family Resource Center as a safe space for the families and friends of individuals living with mental illness to connect to resources in the community.
4981	Positive Care Clinic – General Education Fund	Supports the Positive Care Center in providing comprehensive health and psychosocial services to those living with HIV.
4982	Positive Care Clinic – Research Fund	Supports the HIV/AIDS Research Program on expanding understanding of the HIV disease process, improving health outcomes, preventing the spread of HIV, and helping to develop strategies to cure HIV infection.
4986	Cardiac Biomarkers Research Fund	Supports the Cardiac Biomarkers Trial Laboratory (CBTL) in carrying out clinical studies, trials and analytical evaluations on cardiac biomarkers, proteins released by diseased heart tissue that are key to determining if a person is having a heart attack.
4987	Research - Alvin Schultz Education & Research Fund	Support visiting professors for Medical Grand Rounds and educational experiences.
4988	Addiction Treatment Research and Prevention Fund	Support addiction researchers studying the physiological, genetic, and behavioral factors that play into the development of addiction and affect treatment outcomes.
4990	Dental Health Research Fund	Supports research exploring the link between dental health and general health.
4991	Lupus Research Fund	Support Lupus Research

Fund	Name	Purpose
4992	Brain Injury Emerging Technology and Innovation in Research (BETIR) Fund	Supports The Brain Injury Research Lab in exploring methods for improved classification of brain injury to enable better identification of people who do not recover.
4993	Infectious diseases, including malaria	Supports research focused on malaria and other infectious diseases.
4994	Tobacco Related Disease Research and Education	Supports research focused on trauma-related disorders, attention deficit disorder, and tobacco cessation.
4995	Surgical Care for Smokers Research and Education	Supports research focused on producing new clinically applicable knowledge to improve healing in smokers undergoing surgery.
4996	Acute Care Research and Education	Supports research focused on the assessment and treatment of patients with sepsis and life-threatening infections.
4999	Tobacco Cessation Research and Education	Supports research focused on finding the best methods for tobacco cessation.
8002	Urgent Needs Research Support Fund	Urgent needs include seed funding to initiate new research projects for which immediate funding is not available, bridge funding for continuing research that has lost its funding, and matching funding opportunities.
03085	Interstate Dialysis Div Special Projects	Supports research in dialysis and related projects.
03104	Speech Pathology	Supports research in speech pathology.
03118	Catheterization Lab Education/Travel Fund	Supports research and education in cardiology and catheter processes.
03159	Critical Care Education Fund	Supports research in critical care.
03176	Research And Education Fund	Supports research in geriatrics.
03217	Research And Education Fund	Supports research in rheumatology.
03239	Mineral Metabolism Research & Education	Supports research in mineral metabolism.
03252	Research And Education Fund	Supports research in orthopedic surgery.
03261	Neuropsychology Research	Supports research in neuropsychology.
03265	Research And Education Fund	Supports research and education in orthopedic surgery.
03275	Research And Education Fund - Cancer	Supports research and education in cancer.
03281	Transplant Research and Education Fund	Supports research and education in transplants.
03290	Research And Education	Supports research and education in obstetrics.
03406	General Research and Education	Supports general research and education in cardiology.
03407	Research And Education	Supports general research and education in general medicine.
03420	Research And Education	Supports research and education in otolaryngology.
03474	HHRI Educational Support-Podiatry	Supports education in podiatry.

Fund	Name	Purpose
03513	Histopathology Research & Education	Supports research and education in histopathology.
03541	Research And Education	Supports research and education in pulmonary.
03562	Pulmonary Research and Education	Supports research and education in the pulmonary division.
03566	Research And Education - PM&R	Supports research and in physical medicine and rehabilitation.
03630	Nurse Midwife Service Fund	Supports the nurse midwife service fund.
03682	Research And Education	Supports research and education in hematology.
03695	Oral & Maxillofacial Research and Educ.	Supports oral and maxillofacial research and education.
03697	Research and Education	Supports pulmonary research and education.
03716	Research and Education	Supports research and education in obstetrics.
03721	Bart Research and Education	Supports research and education in addition medicine in clinical settings.
03741	Research and Education	Supports research and education in pediatrics.
03742	Research and Education	Supports research and education in dermatology.
03757	Research and Education - HBO	Supports research and education in hyperbaric oxygen treatment.
03761	Global Acute Care Research & Education	Supports research and education in emergency medicine.
03788	Neurology Research & Education Fund	Supports research and education in Neurology
03801	Infectious Diseases - STIs & HIV	Supports research in STIs and HIV prevention.
03880	Homeward Bound	A global, virtual leadership program for women in STEMM that aims to increase the leadership capability of women and enhance their influence and impact on the decision making that shapes our planet. It has an emphasis on climate change, so the virtual program culminates in a meet-up in Antarctica.
4989	Environmental Impacts on Physicians	Support Dr. Linzer and his team's work to conduct programming and research for provider wellness and on burnout mitigation interventions.
